Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Provide targeted intervention for early years and junior secondary students identified to potentially not reach Regional Benchmarks and National Minimum Standards in Reading. (Marie Clay).
  - Identified year 3 students participated in 'Project 600'.
  - All year 9 students participated in ‘Project 600’.
  - Employed Teacher Aides to support intensive focused teaching of reading skills to identified students.

- Built teacher capacity through professional development in explicit teaching and the teaching of reading

- Worked with parents and carers to develop an understanding of the reading process and develop capacity as their children's first teachers.
  - Provided parents with resources and information to support reading development.
